

Telegraphic-Foreign Affairs.
MADRID, January 18.—Alfonso assumes command of the army of the North. Jovellar, Secretary of War, accompanies him to headquarters. Troops are moving to relieve Pamplona. The King has signed a decree relative to the salaries of the clergy, but declares, while giving respect and support to the Catholic clergy, he desires to maintain religious liberty as it exists in civilized countries. The merchants of Madrid have presented a magnificent crown to the King.
PARIS, January 18.—The Bonapartists have carried Haut Pyrennes.
LONDON, January 18.—The Times editorial says: In the gloom surrounding us, one thing is perceptible. All men are arming. Germany is arming in mass, and the surrounding nations, including the best part of the world, cannot do otherwise. The momentary dreams of peace have fled away. Germany recognizes the stern necessity. What she won by arms she can only hold by arms, and while arms are in her hands. The Times confesses Germany cannot raise a third army; her power is in her navy.
MADRID, January 18.—Several prominent Republican generals were received by Alfonso.
Telegraphic-American Matters.
NEW ORLEANS, January 18.—The cooperation of Rev. F. W. Adams, Bishop elect of New Mexico and Arizona, took place to-day, at St. Paul's Church. The consecration ceremonies were performed by Right Rev. Bishop Greene, of Mississippi, assisted by Bishops Beck, of Georgia, and Wilson, of Louisiana.
NEW YORK, January 18.—Specials indicate that the President has placed a company of troops at the disposal of the Governor of Mississippi, and that Sheridan recognizes Crosby as the rightful Sheriff at Vicksburg.
WASHINGTON, January 18.—In the Senate, the consular appropriation bill was reported.
The following has been received here:
NEW ORLEANS, January 16, 1875.—To Hon. W. W. Belknap, Secretary of War, Washington: A report has just been received from Major Merrill, at Shreveport, which is too long for telegraphic transmittal, but will be sent by mail. The following is an epitome almost in Merrill's own words: The threats made before the election to drive from the community all who voted the Radical ticket are being carried out. Combinations among the whites are forming, and reuniting by every form of pressure, by which all negroes who voted the Radical ticket are to be refused work or leases. All whites not forming this combination are to be ostracized. Already more than 500 families, including at least 2,000 people of all ages and sexes, are wanderers, without means to go elsewhere, powerless to find other homes where they are, and on the verge of starvation in mid-winter. Theft and other crimes may result, and it is feared that the bitter feeling naturally resulting from the sense of injustice received may run into one of revenge. These harmless people will gradually drift together, and the white people are not slow, as the past has shown, to set about inflammatory rumors of intentions of organized violence on the part of the negroes; and where the revolver and mob law are common resort in such cases, as they usually have been here, disorders more or less extensive are sure to result, if some preventive is not found for such a state of things. (Signed.)
P. H. SHERIDAN, Lieutenant-General.
WATERTOWN, N. Y., January 18.—Paddock & Co.'s Bank has suspended; liabilities nearly \$500,000; assets a trifle over \$100,000.
WASHINGTON, January 18.—In the Senate, to-day, a bill to reduce the tax on the circulation of State banks to an amount equal to that paid by national banks, was indefinitely postponed. Flanagan, of Texas, introduced bills to remove the political disabilities of John Weather, Wm. Kearney and J. F. Minter, of Texas. Edmunds, from the Judiciary Committee, reported adversely on the memorial of the members of the State Central Committee of the Union Republican Party of South Carolina, in relation to certain allegations contained in a memorial of the Tax-Payers' Convention of that State, in respect to excessive taxation by the State Government, and the committee was discharged from the further consideration of the subject. Spencer, of Alabama, introduced a bill to remove the political disabilities of Jas. E. Slaughter, of Alabama.
The Supreme Court rendered the following decisions to-day: Haycraft vs. United States; appeal from the Court of Claims. The question in chief in this case was whether one who gave aid and comfort to the rebellion can, after the expiration of two years from its suppression, maintain an action in the Court of Claims for the recovery of money in the treasury, arising from the sale of his cotton, seized and sold under the captured and abandoned property Act. The Court held the question to be one of jurisdiction; that the sovereign cannot be sued without his consent, and that the law giving the right of action prescribed the time within which it might be brought—two years—and it was not brought within that time. The consent of the sovereign is considered to be no longer existing, and the action cannot be maintained. The Chief Justice delivered the opinion.
Smith et al. vs. steamer Sea Gull and a cross appeal—appeals from the Circuit for Maryland. This was a case of collision between the schooner Sarah Watson, which was lost, owned by

Smith and others, and the Sea Gull, in which the Court below divided the damages, finding the parties equally to blame for the accident. This Court find the Sea Gull responsible for the accident, and reverses the decree with directions to enter a decree for the libellants for the whole value of the schooner. Mr. Justice Clifford delivered the opinion.
Monger vs. Shirley, appeal from the Circuit Court for the Eastern District of Tennessee. This was a proceeding to set aside a sale of the appellee's property, made in his absence from Tennessee, during the war, upon the ground that the cause of action matured in a judgment against Shirley, by publication of service, was fraudulently asserted and had no shadow of foundation. The Court below sustained the plea and vacated the entire proceedings, and that decree is affirmed here. Mr. Justice Swayne delivered the opinion.
Members of Congress from Mississippi, Louisiana and Arkansas had a meeting to-night. They unanimously agreed to recommend to the President that in presenting the report of the Levee Commission, he would send a special message urging the adoption of the measure proposed by the Commission, which, besides a general system, which cannot be arranged this session, special appropriations for temporary relief be made.
At the expiration of the morning hour, the Vice President laid before the Senate the unfinished business, being the resolution of Schurz, instructing the Judiciary Committee to inquire what legislation is necessary for Congress to secure to the people of Louisiana the right of self-government under the Constitution. Morrill, of Maine, moved to lay aside the resolution of Schurz, and proceed with the legislative appropriation bill. Agreed to, and the consideration of that bill occupied the remainder of the day.
In the House, to-day, Randall, of Pennsylvania, objected to the select committee on Alabama affairs sitting during the session of the House, unless it sat with open doors. The Republican members of that committee desire the statement to be made that the committee has heretofore sat with closed doors, on the suggestion of Mr. Buckner, of Missouri, one of the Democratic members. It is understood that Marshall, of Illinois, the Democratic member of the committee on Louisiana affairs, who had declined to accompany the three Republican members, (Hoar, Wheeler and Freye,) who started for New Orleans this morning, has reconsidered his action, and will leave Washington for New Orleans this evening.
Probabilities—For the South Atlantic and Gulf States, higher barometer, North-west to North-east winds and partly cloudy weather will prevail, with generally lower temperature in the former, but followed by falling barometer and rising temperature in the latter.

FREEZING OF MERCURY, WHISKEY AND CHINAMEN.—At Helena, Montana, on the 14th, the mercury in the thermometers froze. Small quantities of mercury in phials became congealed, and proof whiskey placed out doors froze solid in half an hour. Four Chinamen, who left town at 4 P. M., on Tuesday, were found on Wednesday morning, about half a mile from town, frozen to death, and the whiskey which they had with them, in small kegs, was frozen solid. A report from Phillipsburg, Montana, states that two Chinamen were frozen to death at that place.
France annually consumes 24,000,000 pounds of tobacco. All this tobacco is bought by the Government from the growers, manufactured and sold in the Government interest, for the tobacco traffic is in France as much a Government concern as the post office is here. In 1874, the gross receipts from sales were 287,000,000fr., or \$57,400,000. In 1815, it was only \$5,000,000.
Rix Robinson, who settled in the Grand River Valley in 1815 and married an Indian maiden, has just died at Grand Rapids. He was President of the Settlers' Society. Two other pioneers of the West are also gone to their long homes—Daniel Cosgrove, the first settler of La Salle, Ill., and Richard G. Murphy, one of the early settlers of Minnesota.
England notices an enormous increase in the number of her rats, and attributes it chiefly to game-keepers, who, in their successful endeavor to preserve game, have nearly exterminated wildcats, weasels, owls, hawks, magpies and other natural enemies of the rat.

Soluble Pacific Guano.
\$16 Cash, \$53 Time, Without Interest. PACIFIC GUANO COMPANY'S COMPOUND ACID PHOSPHATE OF LIME for composting with cotton seed—\$30 cash, \$33 time, without interest. To accommodate planters, they can order now and have until 1st April to decide whether they will take at time or cash price. When delivered from factory by our load, no dragage will be charged. This guano is now so well known in all the Southern States for its remarkable effects as an agency for increasing the products of labor as not to require special recommendation from us. Its use for nine years past has established its character for reliable excellence. The supplies put into market this season are, as heretofore, prepared under the superintendence of Dr. ST. JULIAN RAVENEL, Chemist of the Company, at Charleston, S. C., hence planters may rest assured that its quality and composition is precisely the same as that heretofore sold. J. N. ROBSON, Agent for South Carolina, Charleston, S. C. JOHN S. REESE & CO., Nov 24 1u3 General Agents, Baltimore.
